

## THE O-MAN: THOSE 398 WORDS THAT WENT VIRAL

Last June, I wrote [O=Zero](#), offering an [O=Zero bumpersticker](#) (there's also an [O=Zero T-shirt](#)). Somebody, I haven't the foggiest idea who, excerpted 398 words from the article and emailed all his (or her) friends, who proceeded to do the same with their friends.

When this happens exponentially, and the email ends up in umpteen gazillion inboxes so that people tell you "this is the fourth time I've been sent this!", it is said to "go viral."

An example of how viral is that a columnist for *Townhall*, Doug Giles wrote a [column](#) about it . He starts by saying:

A buddy of mine in Texas sent a friend of his, an Obama backer, a devastating article written by Dr. Jack Wheeler in which he spotlights in 398 words the fact that Barack, in reality, is much different from the fabricated Jesus image the Dim-o-crats would have us worship.

Yes, in just a few keystrokes Wheeler deftly dismembered the notion spun by the scribes of Obama that he is the fresh breeze blowing in our land and reveals, instead, that Barack is a typical uberliberal slim shady politician who simply blows.

The funny thing is, he continues on about Obambi but never quotes a single one of my "398 words"! So I thought that, just in case you've had your inbox turned off lately or are one of the rare folk who haven't been sent this, you'd like to see all 398.

It's prefaced by an intro of me that clearly was not written by a TTP'er as it refers to TTP as in the past. My comments about the intro are in brackets. It has upset Obamamaniacs so much that some of them have subscribed to TTP to vent their outrage. One of them is such a nutcase that he says I'm "Anti-American" for being against Obambi.

But no worries - the TTP Forum regulars are with wit and decorum handling it.

So here's what's gone viral:

Jack Wheeler is a brilliant man who was the author of Reagan's strategy to break the back of the Soviet Union with the star wars race and expose their inner weakness. For years he wrote a weekly intelligence update that was extremely interesting and well structured and

informed [*still do!*]. He consults(ed) with several mega corporations on global trends and the future, etc., in semi-retirement now [*Nope, I never plan to retire*]. He is also a somewhat [*thanks a lot*] well known mountain climber and adventurer.

Subject: The O-Man  
Written by Dr. Jack Wheeler

The O-man, Barack Hussein Obama, is an eloquently tailored empty suit. No resume, no accomplishments, no experience, no original ideas, no understanding of how the economy works, no understanding of how the world works, no balls, nothing but abstract empty rhetoric devoid of real substance.

He has no real identity. He is half-white, which he rejects. The rest of him is mostly Arab, which he hides but is disclosed by his non-African Arabic surname and his Arabic first and middle names as a way to triply proclaim his Arabic parentage to people in Kenya . Only a small part of him is African Black from his Luo grandmother, which he pretends he is exclusively.

What he isn't, not a genetic drop of, is 'African-American,' the descendant of enslaved Africans brought to America chained in slave ships. He hasn't a single ancestor who was a slave. Instead, his Arab ancestors were slave owners. Slave-trading was the main Arab business in East Africa for centuries until the British ended it.

Let that sink in: Obama is not the descendant of slaves, he is the descendant of slave owners. Thus he makes the perfect Liberal Messiah.

It's something Hillary doesn't understand - how some complete neophyte came out of the blue and stole the Dem nomination from her. Obamamania is beyond politics and reason. It is a true religious cult, whose adherents reject Christianity yet still believe in Original Sin, transferring it from the evil of being human to the evil of being white.

Thus Obama has become the white liberals' Christ, offering absolution from the Sin of Being White. There is no reason or logic behind it, no faults or flaws of his can diminish it, no

Arguments Hillary could make of any kind can be effective against it. The absurdity of Hypocrisy Clothed In Human Flesh being their Savior is all the more cause for liberals to worship him: Credo quia absurdum, I believe it because it is absurd.

Thank heavens that the voting majority of Americans remain Christian and are in no desperate need of a phony savior.

His candidacy is ridiculous and should not be taken seriously by any thinking American.

---

The email ends with: *Pass this on to every thinking American you know!*

Good advice.
